I agree that I have checked all these items above for safety. I also agree it is my responsibility to make sure my car is safe and in good mechanical order. If service is performed, car hit something, drives off track or any other possible incident, I need to re-inspect car again. I indemnify Atlanta Motorsports Park, LLC, and its affiliates of any liability related to this form or mechanical issues.

ATLANTA MOTORSPORTS PARK FLAG GUIDE

TYPE OF FLAG	FLAG	LIGHT	MEANING
Yellow			<p>STATIONARY / SOLID: Caution; a hazard is ahead but should not require altering the racing line. NO PASSING IS ALLOWED. Slow down, exercise caution.</p> <p>WAVING / FLASHING: Extreme Caution, a hazard is ahead that requires drivers to slow significantly and/or take evasive action. NO PASSING IS ALLOWED.</p>
Blue			<p>STATIONARY / SOLID: Check mirrors, A faster car is approaching. Be ready to give a point by.</p> <p>WAVING / FLASHING: Approaching car is much faster. Be ready to give a point by.</p>
Black		N/A	<p>Displayed at All Stations: Indicates a session has been stopped. Proceed slowly to the pits. Be alert for hazards on the track.</p> <p>Displayed at Black Flag Station or Start: Driver needs to be brought in for some reason. Proceed to pit lane immediately and consult with Pit Out Marshall or Steward.</p>
Meatball		N/A	Indicates there is something mechanically wrong with your car. Proceed to pit lane immediately and consult with Pit Out Marshall or Steward.
Red			<p>EXTREME DANGER – THIS SESSION HAS STOPPED. Slow down immediately and proceed to the next manned corner station under 25 mph. Stop on track drivers right in clear view of the corner marshal and await further instruction.</p>
White		N/A	Caution you are approaching a slow moving vehicle on the track. Take care. The white flag may be shown standing for up to two stations prior to the vehicle.
Debris / Surface		N/A	Take care. Something is on the surface of the track that may pose a hazard to you. This may be oil, fluids, or parts of a car. Proceed with care.
Green			The session/race is under way the instant the green flag is displayed. When a green flag is displayed, it indicates the course is clear.
Checker		N/A	You have finished the session. Continue cautiously to the pits.
Medical		N/A	SLOW DOWN: A medical vehicle, tilt bed, or personnel are on the track. Take care as you approach and leave plenty of room for work to continue. The Medical flag may be shown standing for up to two stations prior to the vehicle.
